THE COUNCIL FOR TOBACCO RESEARCH–U.S.A., INC.

February 4, 1975

Grant Application No. 1025

PULMONARY

To: The committee comprising Drs. Bing, Jacobson and Meier

Subject: Charles Mittman, M.D., City of Hope Medical Center
Duarte, CA.
New Application No. 1025
"Round Heart Disease in Turkeys: A Model of Antitrypsin Deficiency in Man."

History

Dr. Mittman has had previous CTR support (October 1, 1972 through September 30, 1973, and a continuation grant for the period October 1, 1973 through September 30, 1974) for the program "Hereditary Susceptibility to Branchitis-Emphysema."

The present application (No. 1025) was handled as an informal inquiry (Case No. 301): The Executive Committee voted to encourage formal application.

The study involves a collaborative effort with the group at the Kimron Veterinary Institute in Israel (see New Application No. 1026).

Request

Application No. 1025 requests $7,877 for the first year of a proposed three year program.

Documents Submitted (attached):

1. Application dated January 30, 1975 (9 pages, including CV's of Drs. Mittman and Lieberman).

2. Nine reprints (1 with acknowledgment to CTR).
